✓ 17. [REDACTED] BRIEFING Accompanied John Hicks, D/NPIC, and [REDACTED] NPIC, to a meeting with Representative Ron Dellums (D., Calif.) and Robert Brauer, his staffer, and the Agency's assistance to Ballou High School was fully explained. Congressman Dellums concurred that our efforts were completely straightforward and recognized the fine accomplishments made by NPIC in the EEO field. Brauer, for his part, agreed but felt that perhaps we were not as sensitive as we should have been to the active role played today by parents and faculty--in short we shouldn't have assumed that approval or knowledge by the principal alone would suffice. Congressman Dellums was very appreciative of our visit to explain the situation and, although it is doubted that he will take any initiative in making a statement, he is well briefed to respond if and when issues related to the Ballou High School incident is raised in the future. In response to Mr. Hicks' invitation, he said he would be pleased to speak to groups at the Agency.
